## EXPLOSION AT OTTAWA

### Parliament Building Is Destroyed.

### FOUR PERSONS PERISH

### Blast Is Laid to Gas Bomb or Internal Machine.

\*\*\*\*\*  
FOUR PERSONS REPORTED  
KILLED.  
\*\*\*\*\*

Ottawa, Ont., Feb. 4.—Two  
Dominion policemen and two  
common attendants who were  
working with other men in the  
chamber below the speaker's  
quarters when the roof fell are  
declared to have been killed.

Ottawa, Ont., Feb. 4.—The historic  
Canadian parliament building was destroyed  
by a fire declared unofficially  
to have been caused by the explosion  
of a gas bomb or an internal machine.

Two women, guests of the wife of  
Speaker Cavign, were overcome by  
smoke and perished.

Several policemen and firemen were  
buried under debris when one end of  
the building collapsed. The number  
of persons taken to hospitals has not  
been determined.

Frederick F. Pardee, chief Liberal  
whip, and William S. Loggie, a member  
of parliament from New Brunswick,  
are missing and it is expected they  
lost their lives.

It has been established that the first  
burst of flames in the reading room  
of the house of commons was preceded  
by at least one explosion and probably  
by two. The force of the explosion  
was so severe that persons standing  
some distance away were hurled  
to the floor. A rigid investigation  
to determine the cause of the fire  
already has been undertaken by the  
Dominion authorities.

### Fire Brigade Helpless.

The flames spread with such amazing  
rapidity that the Ottawa fire  
brigade was utterly helpless to cope  
with them. Aid was sent from Mon-  
treal on a special train.

The loss cannot be estimated in  
money. The building was valued at  
about \$5,000,000, but the contents are  
of inestimable value. There was no  
insurance.

The commons and senate chambers  
have been destroyed. The Parliamen-  
tary library at the rear probably will  
be saved. Soldiers were assigned to  
carry out its contents.

Members of parliament, spectators  
in the gallery of the lower house,  
government employees and others who  
were in the building narrowly escaped  
death or injury. Within a few min-  
utes after the fire began corridors  
were filled with smoke and at many  
points walls of flame barred progress.  
There were many doors to the great  
building, but since the outbreak of  
the war all except the main portals  
have been closed to safeguard the leg-  
islators. This precaution made escape  
more difficult.

## MURDER IS LAID TO KAISER

### Inquest Over Zeppelin Victims Re- turns Verdict Against Emperor.

London, Feb. 4.—An inquest was  
held in the cases of thirteen Zeppelin  
victims at Staffordshire and a verdict  
was returned of "wilful murder  
against the kaiser and crown prince  
of Germany as being accessories to  
and after the fact of the deaths."

An inquest in connection with the  
death of ten persons in Leicestershire  
resulted in a verdict of death from  
bombs dropped by a hostile airship.  
The verdict contains a warning to  
authorities to take greater precautions  
for obscuring lights after sunset.

## Turks Fail in Caucasus.

London, Feb. 4.—German sources ad-  
mit the failure of the Turkish cam-  
paign in the Caucasus, says a Central  
News dispatch from Amsterdam.  
There has been heavy fighting ten  
miles south of Erzerum, where the  
Turks sent reinforcements from Tre-  
bizond, according to the dispatch. The  
Turks are declared to have fought  
stubbornly, but were compelled to re-  
treat.

joyment whenever he has a bone to

## BORDEN TO VISIT ENGLAND

### Canadian Premier Urged to Leave for Conference.

Ottawa, Ont., Feb. 4.—Premier Bor-  
den will depart for England as soon  
as parliament closes and perhaps ear-  
lier, it was announced, and General  
San Hughes, minister of militia, plans  
to visit England and France as soon  
as he can get away. It is understood  
that the British government and war  
office have urged both Canadian offi-  
cials to cross the Atlantic for a con-  
ference.

## HEROES OF HOUR IN BERLIN

### Audacious Feat of Prize Crew on Steamer Appam Applauded.

Berlin, Feb. 4.—Capture of the Brit-  
ish liner Appam, bombardment of Eng-  
lish industrial towns and of Paris by  
Zeppelins and fresh activity of the U  
boats may be accepted as a prelude to  
an aggressive campaign on the sea  
and in the air against Germany's ene-  
mies.

News of the audacious feat of the  
German sailors who captured the Ap-  
pam was received with the greatest  
enthusiasm here. Lieutenant Berge  
and his crew have become the popular  
heroes of Berlin. Reports of the Ap-  
pam's dash into Norfolk, received  
mostly from English sources, have  
supplanted all other items of news in-  
terest, excepting possibly the Zepp-  
elin raid on England.

other documents to Paul Koenig, re-  
puted head of the German secret serv-  
ice in this city.

## ZEPPELINS LOST IN WAR

(By United Press)

London, Feb. 4.—The newspa-  
pers estimate that 21 Zeppelins  
and eight other German dirigibles  
were destroyed or lost since the  
beginning of the war. 124 of the  
crews of the Zeppelins were killed  
and 150 made prisoners, while 120  
were interned.

## GERMAN REGIMENTS FIRST

(By United Press)

London, Feb. 4.—A dispatch  
from Salonika says two German  
regiments were the first to appear  
on the Greek border, and arrived  
north of Lake Doiran in the region  
the British formerly occupied to  
replace two Bulgarian regiments.

## GREATEST AERIAL ACTIVITY

(By United Press)

Vienna, Feb. 4.—An official state-  
ment says that an Austrian aero-  
plane made raids on the Albanian  
ports of Durazzo and Valons. The  
greatest aerial activity since the  
beginning of the war will be  
launched.

## HEAVY FIGHTING AT ALSACE

Paris, Feb. 4.—An official state-  
ment says there is heavy fighting  
particularly at Alsace, but nothing  
to indicate that it is the great  
German offensive, however.

## CARRIED NO COLORS

(By United Press)

London, Feb. 4.—The captain of  
the British schooner Commodore,  
which was submarined, reported  
that the submarine carried no col-  
ors.

## America Must Waive Demands on Germany

(By United Press)

Berlin, Feb. 4.—Unless America  
waives the demand upon Germany  
for a disavowal in the Lusitania case,  
an amicable adjustment in the Ger-  
man-American controversy is impos-  
sible, officials and newspapers state.  
The Lokal Anzeiger says Germany  
has done her utmost to prove her  
friendship for the United States.

## The Lusitania Affair

(By United Press)

Washington, Feb. 4.—The greatest  
pessimism is expressed officially in  
the latest communication on the Lus-  
itania affair. It is understood that  
Secretary Lansing has received a re-  
port from Ambassador Gerard for-  
warded to President Wilson. The  
report says it covers what Ambas-  
sador Gerard learned in Berlin. Pres.  
Wilson will not yield from his Lus-  
itania demands upon Germany. The  
government will not dicker longer  
and an understanding must be reach-  
ed this month.

## Newsie Prizes President's Nickel

(By United Press)

Indianapolis, Feb. 4.—William Leo,  
a newsboy, highly values a souven-  
ir the nickel pocket pieces the pres-  
ident gave him for a newspaper. The  
newsie did not want to take the money  
but the president insisted and then  
felt in his pocket for money but  
found none and hummed a nickel  
from a secret service man.

Ottawa, Can., Feb. 4.—Six were  
known to be dead in a fire that ruin-  
ed the \$5,000,000 Canadian parliamen-  
tary building.

## Unwarranted Crime

(By United Press)

Washington, Feb. 4.—The destruc-  
tion of the Ottawa, Canada, houses  
of parliament is denounced as want-  
on, barbarous and unwarranted  
crime in incendiaryism in a resolution  
introduced by Senator Kenyon of Co-  
lorado.

## Believed Burned

(By United Press)

Atlantic City, N. J., Feb. 4.—Hen-  
dricks, the publicity agent for the  
Hotel Terrymore, has been given up  
for dead. His room was on the  
fourth floor of the Overbrook hotel  
and it is believed he was burned.

YUSUF IZZEDIN.

Turkish Heir Apparent  
Victim of Young Turks.

## TURKISH HEIR TO THRONE WAS SLAIN

Paris, Feb. 4.—Yusuf Izzedin, what-  
ever may be said, was assassinated by  
his suite, by order of the committee of  
union and progress," said Cherif  
Pasha, who with Prince Sabah Edin  
directs the personal movement of the  
Turkish opposition, to a reporter for  
the Matin.

"Later Yusuf had revolted against  
the dictatorship of the Young Turks.  
He became dangerous and he has  
been removed. His successor and  
cousin, Valid Edin, is even more hos-  
tile to the Young Turks than was  
Yusuf. I should not like to make pre-  
dictions regarding the length of his  
life," said Cherif Pasha in conclusion.

A dispatch from Constantinople an-  
nounced the report that Yusuf Izz-  
edin, heir apparent to the Turkish  
throne, had committed suicide.

Yusuf Izzedin, who was born at  
Constantinople Oct. 9, 1857, was a  
first cousin of the sultan. Valid  
Edin, who is mentioned as the new  
heir apparent, was born at Constanti-  
nople Jan. 12, 1861, and is the broth-  
er of the present sultan.

## ITALIAN SHIP IS CAPTURED

### Austrian War Craft in Adriatic Takes Steamer.

Berlin, Feb. 4.—The steamer Koe-  
nig Albert, flying the Italian flag and  
with 300 Serbian refugees on board,  
has been captured by Austrian war  
craft in the Adriatic, it was announ-  
ced by the Overseas News agency.

## DARING THEFT OF JEWELS

### Robbers Loot Store in Busiest Section of Oakland, Cal.

Oakland, Cal., Feb. 4.—An automo-  
bile containing three men stopped in  
front of a jewelry store in the heart  
of the downtown district and one man  
wearing a black mask leaped out and  
fired a bullet through the shop's plate  
glass window, completing the de-  
struction of the pane with a brick.

While the man with the pistol war-  
ned back the crowd on the street a  
companion helped himself to all the  
jewelry in the showcase he could  
reach.

Police Sergeant J. H. Thornbury  
seized the second robber, but the other  
sent a bullet through the upper  
part of the officer's body. In spite of  
his wound Thornbury clung to his  
man. The masked robber seized the  
jewels and climbed back aboard the  
automobile, which dashed from sight.

## Abandon Flooded Trenches.

Kiev, Russia, Feb. 4.—Prisoners ar-  
riving here report that all roads in  
the region of the Dnieper are under wa-  
ter on account of thaw and that the  
water in the trenches is knee deep.  
The river has overflowed, compelling  
the Tenthent troops to evacuate  
strongly fortified positions.

## KAISER'S HEALTH PERFECT

### Is Traveling From One Line of Battle to Another.

Berlin, Feb. 4.—In again denying  
the report published in various quar-  
ters that the German emperor has  
been treated by an American physi-  
cian for a cancerous condition of the  
larynx the Overseas News agency  
characterizes the report as "a mali-  
cious attempt to influence foreign  
public opinion falsely," and adds:  
"The emperor is traveling from one  
line of battle to another, as only a  
healthy man can do."

## GERMAN OFFICER GRANTS DEMAND

### Releases All Prisoners on Cap- tured British Ship.

## ONLY PRIZE CREW REMAINS

### Collector Hamilton Presents Lieuten- ant Berge With the Decision of the State Department That All Persons on Board Must Be Allowed to Land Immediately.

Newport News, Va., Feb. 4.—Nine-  
teen days of ceaseless vigil for the  
short handed German prize crew  
aboard the former British liner Ap-  
pam ended when the last of more than  
400 British prisoners climbed over the  
ship's side to liberty on American soil.

All British subjects and the on-na-  
tionalized American, G. A. Tagliaferri,  
quit the ship, leaving the prize com-  
mander with his crew and the twenty  
Germans who had been prisoners on  
the Appam, including three women.

Captain Harrison and the Appam's  
British crew left their vessel only  
after a sharp controversy between  
agents of the owners, Elder-Dempster  
company, and the British embassy at  
Washington. The company desired its  
men to remain on the liner to support  
the claim that the Germans forfeit  
their prize by remaining in neutral  
waters. But the embassy insisted  
that every British subject depart as  
soon as permission had been granted  
by the prize commander on the de-  
mand of the United States govern-  
ment.

Plans were changed every hour, but  
the embassy's authority prevailed fin-  
ally and a special boat was provided  
to take the Appam's crew of 155 to  
Norfolk, to await the sailing of a  
steamer for New York. Meanwhile  
the 114 passengers and the 136 Brit-  
ish seamen captured with the other  
seven ships taken by the raider Pon-  
ga, or Moewe, had been transferred  
ashore by steamers.

## Five Taken to Hospital.

Five of the women—one English-  
man and four lascars—of the crew of  
the Clan MacTavish, all wounded,  
were removed to a hospital. All the  
others, with most of the passengers,  
were placed aboard river steamers for  
Norfolk.

Collector Hamilton boarded the  
liner with Prince Hatzfeldt of the Ger-  
man embassy at Washington and re-  
newed his request for the release of  
all British citizens. He presented the  
following official memorandum from  
the state department:

"You will release from the steam-  
ship Appam all those persons who de-  
sire to be released and who came on  
the ship, except the prize officer and  
prize crew, including any persons  
who have been incorporated into such  
prize crew, or acted as part of said  
prize crew in the navigation of the  
ship."

Lieutenant Berge of the prize crew  
asked whether that was the decision  
of the state department, and when  
told it was he acquiesced.

Lieutenant Berge, commanding the  
prize ship Appam, talked for the first  
time of his cruise. He ridiculed the  
suggestion that his raider was the  
new fruit trader Ponga, insisting that  
she was the Moewe. He confirmed the  
accounts of his capture of the seven  
English vessels and declared he had  
nothing to say regarding his future  
plans.

## BLOODY FIGHT WITH U CREW

### Sailors on British Steamer Resist Boarding Party.

London, Feb. 4.—Survivors of the  
British steamer Woodfield, sunk by a  
submarine off the Moroccan coast, ar-  
rived here with a story of a bloody  
fight with the U boat crew.

The submarine overhauled the  
Woodfield after a short chase and  
sent out a boarding party. The Wood-  
field's crew attacked the submariners  
as they clambered upon the deck and  
engaged them in a knife and pistol  
duel. The U boat was unable to bring  
her guns into play for fear of killing  
her own men.

The hand-to-hand combat on the  
Woodfield's deck lasted for three  
hours. The steamer's crew, poorly  
armed, was finally overcome after  
eight sailors had been killed and four-  
teen wounded. They were put into  
small boats and pulled for the Moroc-  
can coast. Their troubles did not end  
when they reached land, they said.  
A party of bandit Moors noticed their  
approach and made them prisoners.  
They were released after the Wood-  
field Shipping company of London, the  
vessel's owners, paid ransom.

As soon as the inclination to buy a home begins to get hold of people, they begin to read ads—and to take little trips to look over advertised properties. The real estate ads come to be heavily freighted with personal interest for them. They watch for the ads, the one thing which is to describe their future home. For they think they'll know it when they see it. And—this will interest you—it is quite possible that you can write, today, an ad of property you have for sale which will be "THE AD" which someone is looking for. 1

**Why Tolerate Catarrh?**

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes.

Scott's is pleasant to take.

**HAPPINESS.**

It is not the people who have the most who are the happiest. That formula does not work; it never did work. It is the people who do most to make others happy that find joy sitting smiling at their door every hour. Happiness can be had by the day. It is not a happening, but a becoming; not a fleeting chance longed for, but a constant opportunity taken and fulfilled.

**Queer Legal Oaths.**

In Siberia, in the wild Ostyaks law courts, the natives swear by the newly severed head of a bear, which is impaled subsequently to rend and devour them should they perjure themselves, while in Assam the opposing witnesses lay hold of a chicken by its feet and retain each one-half as the clerk of the court chops it in two. By undergoing this ceremony they are considered to be pledged to a like fate in the event of their swearing falsely. —Chicago Journal.

#### OBITUARY

Mrs. Anna Strickler, nee Strub, was  
born at Basel, Switzerland, April  
5th, 1845. She attained the age of  
70 years, 9 months.

In 1868 she came to America and  
located in Toledo, Ohio, where on  
the 27th of January, 1872, she was  
united in marriage to Jacob Strick-  
ler. She was a resident in Brainerd  
since 1882. Mrs. Strickler was the  
mother of five children, two of whom  
preceded her in death. She leaves to  
mourn her departure, husband, two  
sons and one daughter as well as  
numerous relatives and friends.

Mrs. Strickler was a charter mem-  
ber of the Evangelical church of  
Northeast Brainerd. She affiliated  
with this society in 1884, and has  
been a faithful and conscientious  
member, always deeply interested in  
every activity of the organization.  
Her quiet, unassuming Christian life  
was a benediction to the church as  
well as to the community. Her ab-  
sence will be especially deeply felt  
by her bereaved family, and her  
niece, Miss Bertha Strickler, to whom  
she has been a mother since child-  
hood, and by those who knew her  
most intimately.

silver set as a reward for fifteen  
years faithful service as secretary of  
the aid.

### PRAISE FOR TWO ARTISTS

Miss Evelyn Erickson Heard in Pi-  
ano Recital at the First Con-  
gregational Church

#### THE SHAKESPEAREAN READINGS

Rev. G. P. Sheridan Emphasizing Di-  
verse Roles of Cardinal Wolsey  
and Mark Antony

Another "Little Artist" heard in  
recital at the First Congregational  
church Wednesday evening makes us  
realize our circle of home talent is  
ever widening.

The program, as published in The  
Daily Dispatch, promised a pleasant  
and profitable evening with Miss Ev-  
elyn Erickson as pianist and Mr. G.  
Phil. Sheridan as Shakespearean  
reader.

Our music lovers, loyal as usual,  
filled the large assembly room of the  
church and will be generous with  
their praises, for many happy  
thoughts are crowding for a place in  
these few paragraphs.

The first group of three selections  
for the piano: Molto Allegro, from  
Mozart's Sonata, No. 18; Schuman's,  
"The Prophetic Bird"; Lavalley's  
"The Butterfly," required a delicate  
touch, with rapidity of execution or  
interpretation, and such was the pre-  
cision of rendition that there were no  
blurred passages evident Wednesday  
evening.

To those who enjoy musical his-  
tory with its tenant biographies,  
there is always a feeling of patriotic  
pride when MacDowell is named on  
the program. Words are inadequate  
to describe the ebb and flow of em-  
otional tides set forth in the studies  
from MacDowell, whose nomencla-  
ture is expressive of the themes in-  
volved, Romance, Tarantella, Scher-  
zino, Shadow Dance.

The rendition and interpretation  
of these two groups bespeaks a nat-  
ural sweetness, grace and charm in-  
herent in the young artist of the eve-  
ning's program.

Mr. G. Phil. Sheridan appeared in  
two Shakespearean readings, being  
his own interpretations of Cardinal  
Wolsey from Henry VIII, and empha-  
sizing the role of Mark Antony in  
Julius Caesar.

His intonations through the vary-  
ing moods of Cardinal Wolsey and  
the ardently zealous Antony, were  
well taken. The educational value  
of these readings to our younger set  
can scarcely be overestimated. "Next  
to the Bible, Shakespeare." And  
right here let us say we need more of  
Mr. Sheridan's Shakespearean read-  
ings for our youth who are crowded  
with the rapidly forming history  
facts of the present and have not time  
to live with the old masters of litera-  
ture and music.

Miss Erickson closed the program  
with an excellent rhythmic rendition  
of Moszkowski's "Valse d'Amour."

With all due credit to those of  
Mrs. W. A. M. Johnstone's pupils who  
are entering larger spheres, we still  
can say we have in Evelyn Erickson  
a pianist to keep our home programs  
bright in the absence of Mrs. Jennie  
Mysen-Lind, Miss Schulz, Mrs. Geo-  
rgia Horn-Nash, Mrs. Nellie Woelfert-  
Isle, Miss Mosier and Miss Skauge.

The modest admission fee made a  
neat little sum for the parsonage  
fund of the First Congregational  
church.

#### The Bridge Club

The Bridge club was entertained  
by Mrs. W. C. Cobb and Mrs. Thomas  
Beare at the home of the former.  
The club will be entertained next

Mrs. C. W. Hoffman, at the home of  
Mrs. Wieland.

#### Birthday Party

Mardell Winter, daughter of Mr.  
and Mrs. Arthur J. Winter, celebrat-  
ed her birthday Tuesday. There  
was a large party of little friends  
present, and a luncheon was served  
followed by a theatre party.

#### Young Peoples Society

The Young Peoples society of the  
Swedish Lutheran church will meet  
in the church basement tonight at 8  
o'clock. They will be entertained by  
Alma and Harry Monngren.

lehem Norwegian church will meet

## See at our Salesroom the Car that DETROIT Likes Better than any other in the World

In Detroit, where people KNOW cars, more Studebakers  
are in use than any other cars listing at more than \$500.

This is significant.

For the simple reason that Detroit is the Home of Auto-  
mobiles. More than three-fourths of the cars manu-  
factured in the United States are made in Detroit.

In Detroit a BIG percentage of the residents are either  
directly engaged in the motor industry—or come into  
DAILY contact with people who are.

They talk cars. They study cars. They hear gossip from all the  
great factories established in the city. They know the plants and  
the efficiency of the manufacturing organizations. They know  
the men back of the cars.

And as a whole, knowledge of automobiles is far more general  
and EXACT in Detroit than in any other city on the earth.

So when you know that for the entire year of 1915,  
registrations in Detroit showed MORE Studebakers  
in use than any other cars selling at more than \$500,  
it can mean but one thing: that to the people of  
Detroit, people who KNOW cars and who KNOW  
VALUE IN CARS, Studebaker offers the top value  
of the market!

And this fact is all the more significant when you know that  
Studebaker has only been selling cars in Detroit for about half as  
long as its nearest competitors have.

In half the time, Studebaker has outstripped them all, and today  
you go to Detroit, and you find more Studebakers on the streets  
than any other make of cars costing over \$500.

Be sure to see the new SERIES 17 Studebakers at the show—  
The Cars of the GOLDEN Chassis.

CHANGE IN SERVICE

The railway mail officials have finally taken notice of the complaints arising from the poor mail service from the twin cities to Brainerd, and the carrying by of mail and its receipt from the north at noon the next day, judging from the following from the Little Falls Transcript:

A change made in the railway service on the M. & I. division will take the three clerks from Little Falls who have heretofore made their headquarters at this point. In the past these clerks have been starting their run from this city and working to International Falls. Hereafter they will begin their runs at St. Paul and work through to the northern city. This change was made necessary because of the heavy mails which came through from the east and which were not touched until the trains reached this point. This meant a poorer mail service for the M. & I. points as the clerks were not given time enough to work the mails. Under the future system the clerks will begin working their runs at St. Paul and will have plenty of time to get their work in shape before striking the M. & I. road.

There did not seem to be as much anti-Lynch sentiment at the democratic state conference in St. Paul as the general public was led to believe, and the fact that F. B. Lynch left for Washington the day before the conference was held was sufficient reason to suppose that a count of noses had revealed the fact that there was to be very little friction and no doubt of the outcome when the meeting convened. Fred Lynch may be a boss but he seems to be a mighty popular one with the masses if the 1,400 votes in his favor is any indication.

The Wadena Pioneer-Journal contains the following on the senatorial situation which will be read with interest at this time by those who have been keeping in touch with the matter:

The movement begun by Editor Robert C. Dunn, in the Princeton Union, to induce Hon. Frank B. Kellogg of St. Paul, to reconsider his determination not to be a candidate for United States senator, bids fair to bear fruit. Mr. Kellogg admits that the idea of being senator appeals to him, but declared that, handicapped as he would be by the primary law, he would rather step aside. There has been unkindly comment to the effect that Mr. Kellogg was afraid to submit his claims to the voters, but this comment was based upon a misapprehension purely. Mr. Kellogg would like very much to submit the question to the voters and let them judge, but he realized that the primary is a law which is loaded for the benefit of the incumbent. Under its workings, about the only chance of success lies in extensive advertising and advertising costs money. Now, Mr. Kellogg could afford to spend the necessary money, but the law steps in and limits expenditure to \$3,500 for the two campaigns. It must be admitted that any man with average intelligence, can see that such a state-wide campaign cannot be conducted for \$3,500. Mr. Kellogg's position was that, no matter what others might be willing to do, he would not violate the law simply to become United States senator. Others are not so conscientious or scrupulous, and in such a race, the honest man is always at a disadvantage. It now appears, however, that there is a general demand among a large portion of the people of the state for the Kellogg candidacy, and this element proposes that if Kellogg will allow the use of his name, they will do the work and see that their own expenses are paid.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath is Bad, Stomach Sour, Clean Liver and Bowels

Give 'California Syrup of Figs' at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Advt.

## BIG SHIPMENT OF CARS DUE

Woodhead Motor Co. Will Handle Overlands and Fords, Also the New Ford Tractor

### JOHN F. WOODHEAD IN THE CITY

President of Corporation Will Reside in Brainerd—Improvements Made at Bane Block

John F. Woodhead, Minneapolis, president of the Woodhead Motor Co. has taken up his residence in Brainerd and has removed his family here, renting a home at 712 North Seventh street.

Mr. Woodhead said his company, which is located at the Bane block and which bought the interests of the Auto Sales Co., will soon have large shipments of cars in the next 30 days, \$15,000 or more of autos. Ford and Overland cars will be handled. The company are agents for the new Ford tractor which will be put on the market next fall. Their tractor territory covers the same counties as their Ford car agency.

Mr. Woodhead has had valuable experience in the automobile business and was the sales manager of the Ford Motor Co. the past five years. A complete line of accessories will be carried and the repair department continued a first class shop in charge of C. W. Stadlbauer.

C. W. Hoffman, treasurer of the corporation, will have charge of the books, etc., and will be the garage manager. At present numerous alterations are being made in the Bane block. A show room is being put in, the offices are being fitted out with furniture and other improvements are being added.

"I look for the automobile season to be one of the busiest in the northwest. There is every indication of heavy crops and good prices and Ford tractors, once their value becomes known as a labor saver on the farm, will sell every bit as quickly as the Ford auto," said Mr. Woodhead.

"Brainerd is the distributing point for Ford and Overland cars and covering considerable territory and reports reach us of an increasing demand for cars. The demand for good roads, the Jefferson Highway, of which we heard so much in the Twin Cities, all these are straws which show that increased automobile sales and road improvements work together in opening up a country. To be near a good automobile trunk line highway opens up a new line of communication and secures for a town the finest kind of tourist travel. I am glad to see the interest manifested in Brainerd in regard to the Jefferson highway."

### He Gave Him a Tip.

One of the best tipping stories concerns an ancestor of Lord Durham, who always wore a rough coat made from the fleece of his own sheep. When a new doorkeeper in parliament refused to admit him he sat quietly down on a doorstep to wait the arrival of some one who could vouch for him. When this happened the doorkeeper became profuse in apology and then had the impudence to "hope your honor or will give me something to remember you by again." Lambton looked him up and down and then caught him a mighty blow. "Aye, lad," said he as he passed in, "I don't think ye'll forget old Lambton again."—London Standard.

**HAVE DARK HAIR  
AND LOOK YOUNG**

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Indianapolis, Feb. 4.—President Wilson is speeding back to Washington convinced that the Middle West is with him on the issue of national defense and is prepared to insist that congress take speedy action.

He finished his speaking tour in St. Louis and expressed the conviction that his mission had succeeded beyond his greatest hopes.

When the president's train reached Indianapolis for a five-minute stop a large crowd greeted him at the station. When cries were made for a speech he appeared on the platform of his car and said:

"Indiana is all right."

The crowd then shouted for Mrs. Wilson, but the president told them she was resting and she did not appear. Members of the Indiana Democratic club sent Mrs. Wilson a large bunch of American Beauty roses.

President Wilson's advisers believe he has explained clearly why he considers immediate preparedness imperative, has won many converts to the movement and has given new impetus to a discussion of the cause. From the sympathetic attitude of most of his audiences; from the enthusiasm his every appearance in public has evoked; from the huge crowds which have greeted him, they have drawn the conclusion that the people overwhelmingly support his plan—at least in the Middle West.

The president's official family went him to start soon on another tour. En route to Washington they looked both south and west for the setting of his next appearance in the role of champion of national preparedness.

## CARLYLE AND HIS WIFE.

A Glimpse of the Ill Assorted Couple and Their Home Life.

It is certain that the Carlyles were an ill assorted couple. She considered from the beginning that to marry him was an act of condescension on her part. The daughter of a country doctor of Haddington had descended from the skies, like Diana to Endymion, to marry the son of a stonemason. \*\*\* But he loved her and was happy in his love.

Not so she. Jealous of him as she was—furiously jealous—not as a lover for there she knew she was safe. But she could not bear to think that if she were famous it was as his wife, where as she, knowing herself to be brilliant, would fain have had him to be known as the husband of that wonderful Mrs. Carlyle. It was his success, social and literary, that she resented. It irked her to be in the second place, and she could not forgive it. \*\*\*

There was something else of which the lady was jealous, and that was the agony of concentration which her husband's work meant for him. At moments her "sacra indignatio" against "that Carlyle," as she would contemptuously call him, passed all bounds.

One day my aunt went to call upon

her and found her in one of her tantrums. "What was the matter?" she asked. "Oh, my dear, it's just that Carlyle! Would you believe it, I have had a headache for three days, and he's only just found it out. 'I'm afraid you're not quite well, my dear,' he said, and all the time he has been working, working! I just threw a teacup at his head."—Lord Redesdale's Recollections.

## CATHOLIC BISHOP OF LEAD

Right Rev. J. J. Lawler of St. Paul Named for Vacancy.

St. Paul, Feb. 4.—Right Rev. J. J. Lawler, auxiliary bishop of the archdiocese of St. Paul, vicar general of the archdiocese and pastor of the St. Paul cathedral, has been appointed bishop of Lead, S. D., to succeed Bishop Joseph F. Busch, transferred to St. Cloud, Minn., in March of last year.

The Holy See has had the appointment of a successor to Bishop Busch under advisement for many months. Among those who were considered possible appointees the name of Bishop Lawler never had been mentioned. The news will come as a surprise to Catholics in St. Paul and to the citizens generally, for Bishop Lawler was both popular and influential in the church as well as in civic affairs.

## Foresight of Oslo.

King Victor was brought up by Colonel Oslo with a Spartan severity. As a boy he was subject to colds, and one pouring wet morning another tutor proposed that the usual ride should be abandoned. "And if there were a war," replied the martinet, "would the prince not mount because he had a cold?"—London Globe.

## She Knew Him.

She—You know, Harry, so far as I am concerned, I am only too happy to become your wife, but my father, you know—  
He—But what has your father got to do with it? Your father hasn't got to live with me.  
She—No, Harry, but you may have to live with father, you know.—Boston Transcript.

## Opals.

Opals are so sensitive that their beauty is frequently destroyed by their wearer's proximity to an open fire. The luster of this stone is caused by the presence of myriads of little fissures, which deflect the light into the characteristic prismatic color of the gem. The thinnest of these fissures is likely at any moment to destroy the stone.
